

A Celebration of Different Abilities

Recognizing the artistic talents of students
with special needs in our community

Westerly Library in collaboration with Westerly Public Schools would like to showcase the artistic talents of our students with different abilities. A time to bring awareness to the children and families in our community that are impacted by disabilities. A student with a disability has many special talents as well as challenges.

Please consider submitting one or more pieces of your child's artwork for exhibit. Hoxie Gallery will be hosting a celebration on April 5th, 2017 to honor the artists and their families.

Please sign the attached release to have your child participate.
